"THE TREATY OF PEACE SHOULD BE RATIFIED WITHOUT DELAY AND WITHOUT CHANGE," SECRETARY LANSING DECLARES

TRAIL PRESIDENT WILSON ON PEACE TOUR

Senator Hiram Johnson in typical speaking pose, and Senator William E. Borah.

Senators Hiram Johnson of California and William E. Borah of Idaho are "following up" President Wilson on behalf of the senate majority to talk against the treaty arguments of the president. The two men started their "drive" in Chicago, speaking from the same platform. Johnson will speak in cities in which President Wilson delivers his "report to the nation." Borah is taking a different route.

STEEL PLANT MANAGERS PREPARE TO MEET THE STRIKE OF WORKERS

All Hope of Averting Strike On Monday Is Abandoned and Preparations Made to Close Big Plants For a Week.

PITTSBURG, September 20. — (Associated Press)—With all chances of averting the steel strike gone and with plants shutting down for the week, police authorities in many communities prepared today to handle the situation as it develops with the coming of the walkout Monday.

The United States Steel Corporation officials directly in charge of its plants were busily engaged in preparing for the strike.

A request was made for loyal employees to assist the corporation to guard its property against injury. A large number of men, it is declared, responded and were sworn in as guards to assist the police. Officials would not admit that the steel corporation guards would number nearly 10,000 in this district as reported. From all over the district come reports that steel mills will operate Monday if enough men respond.

PALMER URGES AN ARMISTICE IN INDUSTRIES

Believes Six Months' Interval Would Aid in Solving The Problems.

(By Associated Press.) Freeport, Pa., September 20. — An absolute industrial armistice for six months was urged by Attorney General Palmer here today to permit the solution of economic problems arising out of the changes brought by the war.

Such a period of freedom from unrest would result in an "era of cheaper living and better times for all," he said.

WEATHER

Washington, September 20. — (Associated Press) — Weather predictions for next week are:

Ohio Valley—Generally fair weather, although showers are probable Monday in upper Ohio Valley. Temperatures above normal first half of week and nearly normal thereafter.

WRAPS STRIKE

On the other hand the Attorney General warned against selfish demands by any one class can not stimulate the national prosperity or permanently benefit even those obtaining such demands by force.

He strongly discountenanced strikes in a statement here today.

50,000 WORKMEN STRIKE.

London, September 20. — Fifty thousand iron foundry workers went on strike yesterday.

BULLITT TESTIMONY IGNORED

First Announcement By Secretary of State Since Under Secretary Gave Testimony.

By Associated Press.

Watertown, N. Y., September 20. — "The treaty of peace should be ratified without delay and without change," declared Secretary of State Robert Lansing here today, in the first public utterance made by him since the statement of William Bullitt before the Senate Foreign Relations Committee, in which it was alleged that the Secretary of State, on May 10, in Paris, said that if the American people knew what was in the treaty, they would defeat it.

"In the treaty of peace," Mr. Lansing further said, "there is nothing which invades the sovereignty of this republic, or which limits in any way the full exercise of such sovereignty."

Mr. Lansing spoke at the dedication of Lansingford, a suburb of Watertown, erected by the government to house munition workers and named in honor of the home of the Lansing family in Holland.

He made no direct reference to the Bullitt testimony, contenting himself with saying that the treaty as it is should be ratified.

STORM IN ATLANTIC.

Washington, September 20. — Warning of a northwest storm due to strike the Atlantic Coast from the Delaware breakwaters to Boston Friday night and continue all day Saturday, was issued Friday by the weather bureau.

White Star Liner Aground In Gale Off Orkneys.

(By Associated Press.)

London, September 20. — An Evening News dispatch reports that the White Star liner Ronaldshay, carrying 2,000 troops from northern Russia, had gone aground in a gale off the Orkneys. Later reports stated the boat had been refloated and was on its way.

DENY REPORT THAT PLANTS WILL CLOSE UP

(By Associated Press.)

Pittsburg, September 20. — Reports that the United States Steel Corporation would shut down its plants in the Pittsburg district unless there was 100 per cent loyalty shown by the workers were denied today at the offices of the Carnegie Steel Company, a subsidiary.

The plants will operate as long as men report for work, it was said.

POLICE STRIKE RIOTS IN BOSTON CAUSE POLITICAL ROW BETWEEN OFFICIALS

Mayor Peters of Boston, left, discussing situation with Police Commissioner Curtis during strike, and Governor Coolidge, below.

The recent riots in Boston, following the strike of the police, has caused an exchange of words between Governor Coolidge of Massachusetts, Mayor Peters of Boston and Police Commissioner Curtis. Governor Coolidge is said to have stated that the riots could have been averted had Mayor Peters acted more promptly in getting state aid. Mayor Peters answered this criticism by saying that he relied on Commissioner Curtis' knowledge of the situation which Curtis reported he had enough volunteers to handle the strike.

DIVERS SEEK TRACE OF SHIP AND PASSENGERS

Effort to Learn Fate of Passengers and Ill-Starred Vessel Valbanera.

FOUNDERED IN HURRICANE

Cuban Gunboats Assisting In The Search in Gulf Waters

(By Associated Press.)

Key West, Fla., September 20. — With a wrecking crew and divers examining the sunken hull and with scores of boats searching surrounding waters and islands for trace of bodies or survivors, the fate of the 450 passengers and members of the crew of the Spanish steamer Valbanera, which foundered during the hurricane last week was expected to be cleared up today.

The naval station here has offered all facilities and with two Cuban gunboats will aid in the search.

The Valbanera, bound for Havana, was last heard from on the night of September 8th, near Havana. Yesterday a steamer bearing that name, but reported by divers to be much smaller than the missing vessel, was found sunk off Rebecca Shoals Light, 40 miles from here.

There were no bodies in the vicinity of the wreck and nothing to indicate what had become of the 300 passengers and 150 members of the crew.

Reports that during the past several days wireless calls supposed to be from the boat had been picked up continued today to be a mystery. Nearly all passengers were Spaniards.

STEEL MEN HOLD MASS MEETINGS IN YOUNGSTOWN

Fiume Now Under The Guns of Great Vessels of War.

(By Associated Press.)

Paris, September 20. — Captain d'Annunzio may be given 24 hours to move his forces out of Fiume upon which city a squadron of allied warships have turned their guns, according to advices received here.

It is indicated this ultimatum will come from the allied powers.

U.S. TRANSPORT LOGAN LEAVES FROM SIBERIA

Carrying 1250 troops Big Vessel Leaves Vladivostok.

(By Associated Press.)

Vladivostok, September 20. — The transport Logan with 1250 American troops principally members of the 27th infantry, has left for the United States and should arrive in San Francisco about October 2.

Replacement troops arrived here September 6th.

ANNOUNCEMENT OF VICTORY FOR ANTI BOLSHEVİK

Capture of Two Towns Are Reported In Statement

(By Associated Press.)

London, September 20. — A war office communication issued tonight records a successful anti-Bolshevik operation by British, Serbian and Russian troops with the capture of two towns on the northwest shore of Lake Onega.

No dates were given as to when these incidents occurred, but they are regarded here as indicating a movement toward Petrograd.

MILITARY RAIDS

(By Associated Press.)

Dublin, Ireland, September 20. — The Sinn Fein newspaper offices here were raided by the military today and the publication of several of them suppressed.

COX FOLLOWS CLOSELY STRIKE DEVELOPMENT

Will Wait for Officials at Youngstown to Call.

(By Associated Press.)

Columbus, O., September 20. — While developments in the Youngstown strike situation are being closely followed from the office of Governor Cox, no definite plan of action has been made it was announced today.

It was pointed out that precedent established during previous labor troubles in Ohio when the governor waited for city and county officials to act would be followed.

MINE WORKERS TAKE A FLING

(By Associated Press.)

Cleveland, O., September 20. — The convention of the United Mine Workers of America today classed the Chamber of Commerce of the United States with the industrial workers of the world and other syndicalist organizations as hostile to the cause of organized labor and adopted an amendment to the constitution forbidding members to join.

FESS OPPOSED TO THE TREATY AS SUBMITTED

Congressman From This District Replies To The Herald Query States Position.

Favors All The Amendments And Reservations Submitted By Senate Committee.

Believing that the people hereabouts were interested in knowing just what the attitude of their representative in Congress was on the great question of the peace treaty with Germany and the proposed league of nations as submitted to the Senate for ratification, The Herald on Thursday sent the following telegram to Hon. S. D. Fess, representing this district in Congress:

Member of Congress, Washington, D. C.
Do you favor or oppose the ratification of the peace treaty with Germany as presented to the Senate? Do you favor the adoption of any one or all of the amendments and reservations submitted by the Foreign Relations Committee?
If not in favor of all will you please clearly and briefly specify which ones you favor and which you oppose so that your constituents may be advised? Wire answer.

THE HERALD.

Within a very few hours after its receipt in Washington Representative Fess sent the following telegram in reply, received by The Herald on Friday afternoon:

The Herald, Washington C. H., Ohio.
I am opposed to the League as submitted to the Senate without reservation and amendment. I am in favor of the reservations and amendments proposed by the Senate Foreign Relations Committee. I would demand immediate acceptance of the reservations by member states of the League. I would give them two years to accept the proposed amendments of Senate Foreign Affairs Committee, otherwise this nation automatically ceases to be a member of the League upon these conditions. I recommend immediate ratification of treaty.

S. D. FESS.
There is so much said and so much written in these times of great differences of opinion on these vital questions and public men are so likely to be misquoted in reports of their public utterances that first hand direct information, always desirable, is particularly so now.

There need be no doubt now about Representative Fess' position on the all-important subject of the peace treaty and the proposed League of Nations. As the proposals are submitted to the Senate for ratification he is against them unequivocally. He favors every one of the amendments and reservations submitted by the Senate Foreign Relations Committee. Asked the direct questions by The Herald he has given a direct answer.

Of course the House of Congress does not pass upon the treaty. The authority to accept or reject, amend or supplement or "reserve" is with the Senate alone, but the opinion of Representative Fess is valuable nevertheless, because he is a member of

the House representing this district and should, as he has, state to his constituents his opinions.
Of course, too, there is the added political interest in Representative Fess' statement, because he is the chairman of the Republican National Congressional Committee.

LEAGUE PLANS WELL UNDER WAY ENGLISH ACTIVE

(By Associated Press)
Washington, September 20.—Preparations for the organization of the League of Nations are being made in London by Sir Eric Drummond, secretary-general, and Raymond B. Fock, an American under-secretary, so that the league will be in readiness to function at its first meeting to be called in Washington. The date of this meeting is undecided.

Colonel E. M. House and Lord Robert Cecil and other members of the Organization Committee of the League have been taking part in the preliminary organization work. The Organization Committee already has adopted a resolution contemplating that member states may assign some of their own officials for service under the League and has recommended that "the governments of states members of the League shall take into consideration the services of their officials in the International Secretariat."

In preparatory work for the foundation for the International Court of Justice, the committee is understood to have arrived at the opinion that it would be desirable to invite a number of eminent international jurists to give their opinions on the constitution of such a court, and has voted to take up the question in detail at some subsequent meetings. The action of the committee is said to indicate that the work of organizing such a court will be carried forward from the point where it was started by the United States at The Hague twelve years ago, when Elihu Root, then Secretary of State, in his instructions to the American delegates charged them to work for the creation of an international court about twice the size in membership of the Supreme Court of the United States.

The members of the Organization Committee are, Stephen Pichon, France, Chairman; Edward M. House, United States; Lord Robert Cecil, British Empire; Marquis Imperiali, Italy; Viscount Chinda, Japan; M. Ben Jaquomyns, Belgium; M. Venesios, Greece; Guineos de Leon, Spain and Antonio O. de Magalhães, Brazil.

BURKE SELLS LONDON BUSINESS

Paul Yanger, Baltimore, Ohio, who recently bought the Burke monument business here, expects to enter the manufacturing business quite largely. He will install machinery for monumental work which is on its way here and commence business at once. One car of granite has arrived and three more are on the road. Mr. Yanger would like to rent a dwelling house in London and move here at once. He still retains his business at Baltimore and will conduct both plants.—London Democrat.

WAR FOODSTUFF PURCHASERS WILL BE MOVED FASTER

Postmaster Murry Is In Re-
ceipt of Advices From
Department.

Avalanche of Orders Has
Literally "Swamped" the
Post Office Department.

Postmaster S. A. Murry is in receipt of a letter from R. S. Braner of the office of the superintendent of the sixth division making definite announcement regarding the shipment of goods ordered through the Post-office department in the government sale of surplus food supplies held or contracted for by the War Department.

Mr. Braner states that "the subscriptions to our government's offer to the public to purchase surplus food held and contracted for by the War Department, exceeds in extent all expectations and the delivery will no doubt be somewhat delayed because of the task of assembling, routing and transporting so large a volume of parcel post."

"We have completed transportation arrangements and are employing every means at our command to expedite delivery, but at best there will be some delay. Shipments will be made in the order in which requests were re-

ceived, and as rapidly as delivery is made by the War Department.

"The orders now on hand for territory supplied by Chicago Warehouse, amount to an aggregate of one hundred and sixty million pounds, and shipments have already begun.

"If there are delays beyond what purchasers think reasonable, they should exercise patience. Writing to the Post Office Department will not expedite delivery, but will have a tendency to create additional delay. Inquiries should be directed to the local postmaster."

From the contents of Mr. Braner's letter it is evident that the Post Office Department has been "swamped" with orders from the public for the surplus food stuffs in the government's sale offer.

Arrangements though, it is also clear are beginning to take form and order is being seen by the officials through the chaos which has so long existed.

Shipment on orders may now be expected to come along more regularly and more promptly as the plan for shipment begins to work out.

In the meantime the advice to those who have orders pending unfilled, is good. That's about all they can do.

PARK MACHINES ON ONE SIDE ONLY

Upon recommendation of the Fayette County Automobile Club, all school children parking their automobiles on the streets while attending school have been instructed to park only on one side of North Street and 'aint street, so that there will be more room for traffic and less danger of accident.

At first the youngsters parked their machines, front wheels to the curb, on both sides of the street, and this left a comparatively small space for traffic.

The change to one side of the street is a most commendable one, and is only one of a large number of things already accomplished by the Fayette Auto Club.

LARGE ACREAGE WILL BE SOWN

Indications are that the acreage sown to wheat this fall will be up to the usual amount, if not greater than in some recent years, and so far comparatively little of the wheat is in the ground.

With good headway being made in removing the corn from the fields to be sown, it is expected that the next week or ten days will see the bulk of the acreage sown.

U. S. NAVY AFTER 56,000 MINES IN NORTH SEA

London, August 20. (By Mail)—The American Navy is having a tremendous task in sweeping the North Sea of the 56,000 electrical and highly sensitive mines they planted there. Explosion by electricity is the method now employed. Some were sunk very deep—as deep as a submarine could go.

Each mine was fitted with antennae suspended by floats so that the huge field was not only charged with mines but had also become a mass of sensitive feelers to explode them. Should a submarine come in contact with an antennae the mine at a short distance away at the end of the antennae would explode.

The problem has been to explode the mines far enough away from the sweeper to ensure safety and also to forestall the danger of the explosion of a mine at a safe distance causing another close to the ship "going off."

The vessels in sweeping use special electric cables several hundred yards long. Operation of a system of electric appliances prevents the mines from exploding if the ship strikes an antennae, but when the electric wires touch the antennae it blows the mines up at a safe distance from the boat. Hundreds are being destroyed by this method.

Aside from the danger and tediousness of the task, bad weather is added to the hardships of the American sailors.

About 75 vessels are employed, the majority of them American. Subchasers help by rounding up drifting mines that have broken from their moorings and sinking or exploding the mine by firing a shot at it.

FIRST FOOTBALL GAME SEPTEMBER 26

Friday, September 26, will see the first football game of the season on the local field. The Blue and White will clash with the Williamsport eleven. School will be dismissed a few minutes early and the game will be started about three o'clock.

Although the Williamsport team is a very heavy opponent the men under Coach Moorehead are confident that the score will be decidedly in their favor.

WAR MOTHERS TAKE ACTION

(By Associated Press.)

Indianapolis, Ind., September 20.—War mothers all over the United States are completing plans to be offered for the strengthening and perfecting of the National American War Mothers organization when it meets in Washington, D. C., on Sept. 29, 30 Oct. 1 and 2.

National headquarters for the National American War Mothers—the only organization of its kind that is made up solely of mothers who offered their sons for army, navy and marine service—are in Indianapolis and Mrs. Alice French is president.

Any assistance the mothers can give in helping to curb the wave of unrest that has swept over the country will be given, it is said, and this subject will be thoroughly discussed.

One of the features of the convention will be the meeting for mothers whose sons lost their lives while in the service. Various committee meetings also are on program.

NEED NEW FLAGS ON MANY STAFFS

Attention is called to the fact that there is urgent need of new flags on several of the up-town flag staffs which have been floating the national colors continuously the past few years.

Several of the flags have been neglected until they have been whipped into ribbons and resemble anything else but the greatest flag in the world.

It is suggested by a returned army officer that two flags be provided—one for fair weather and one for storm—such as done by the government.

An inspiring sight at the present time is a trip through the rural districts where flags are kept floating from every school building.

CANNING SEASON ALMOST AT END

Next week will end the corn packing season in Fayette county, and the largest pack in the history of the county will be completed at that time.

It is estimated that the pack from the entire county, which includes the canning plants on some of the adjoining town which obtain part of their corn from Fayette county, will reach somewhere between 6,000,000 and 7,000,000 cans of extra good corn.

The New Addition

The proposal to open up a new addition in the eastern section of the city is a good one—one which we can all unqualifiedly endorse. It is to be hoped that council will be able to find a way to make the offer available to the public.

City councils in Ohio have their problems now days and the Washington council is no exception to the general rule. Where there is a will, however, the way is usually found. The present city council has made an enviable reputation for intention and ability to do things and few citizens have any doubt the new addition with all it offers in the way of opportunity for home and housing room, will be allowed to remain very long in the outer rooms knocking for admission.

Washington has but one direction to grow and avoid the railroad crossings and the creek and that one way is opened up in the new addition proposed.

The people like the plan. It offers such possibilities of rapid occupancy—such a place for our increasing population to take up—such an inviting place for strangers who want to move here and want to get their own home, accessible to the business section and yet in a residence district.

The proposal looks good from every angle. Of course there are individuals who will be inconvenienced, but compensation in all such cases is assured. Sentiment sometimes is disturbed but the individuals must take the broader view of public good.

Always, too, in the few instances where these improvements look to be a little lacking in sentiment, passing time heals the hurts and proves the wisdom of the larger action.

A Reputation

In commenting upon the refusal of Congress to vote the necessary appropriation for the proposal of presenting a sword to General Pershing in testimony of the nation's appreciation of his services as commander-in-chief of the American Expeditionary Forces, the editor of the Cincinnati Times-Star says that the present Congress meets the description given some years ago of Kansas when the Sunflower State was in the heyday of populism. "In speaking of the case of Kansas one writer said it had 'started out to raise hell and was suffering from over production.'"

We agree. The description fits the present Congress exactly.

Not only in the matter of refusing a sword to General Pershing has Congress given evidence of how it "started out" and what ails it now but in scores of other ways too, the evidence has been conclusive.

In fact the present Congress has not done much of anything except to create an overproduction of what Kansas started years ago to raise.

Too bad, because never did a Congress in the nation's history face a bigger opportunity for constructive work, but that opportunity has been wholly ignored and the entire energy has been consecrated to knocking everything suggested.

It's All Over

It's all over. The baseball season of 1919, so far as any doubt about the pennant winner is concerned, is at an end.

For nearly forty long years the baseball enthusiasts of the Ohio Valley have been dreaming of the coming of this happy day. Year after year, through almost four decades now, their hopes have risen each spring to flood tide as regularly as the freshets in the streams and in the great river itself but, every year until Pat Moran came to the Queen City, just as regularly as the waters in the streams receded, the hopes of the enthusiasts subsided.

Cincinnati and the Ohio Valley deserved a pennant winner. Never have the "fans" of any section of the country been more constant in their devotion and loyalty and hopes than they. Now that the time has come, the uncertainty ended, the championship "cinched," we, all of us, accept the glorious victory and rush off, in our eagerness to those games in early October, exchange, in our thoughts, certain glory for uncertainty. We want now the world's championship—we want the Reds to humble Comiskey's White Sox and become the acknowledged class of the baseball world.

Thousands of fans hereabouts will not get to see their old time favorites play in the big classic. Many will not have the price and many others who have will be unable to get a "place in the sun" even.

Well, what of it—Cincinnati has won a pennant. Those old timers who stopped by the wayside are vindicated, those whose hair time has silvered can get enough joy in talking it over with those "boys" who remember '69 and '82.

POETRY FOR TODAY

RECOMPENSE.

Brief is the time for song,
Yet the brown thrush sings,
Careless of winters long
Or of vanished springs.

Grief is the lot of all,
Yet the meadows know
Only when gray rains fall
Will the harvest grow.

Swiftly the years are spanned,
No dreams abide;
But steadfast the great hills stand
Till the stars have died.

Sing then thy song, nor care
If the winter near;
Know that the rains prepare
For the springtime's cheer.

Heed not the dying rose
By the seasons slain;
Fair till eternity's close
Love shall remain!

PRECEDENT FOR FEDERAL ACTION ON OIL LANDS

(By Associated Press.)

Mexico City, August 27.—(By Mail)—Legal precedent for the republic of Mexico to nationalize its lands which are now devoted to the production of petroleum, is claimed in a statement recently furnished to The Associated Press by Leon Salinas, sub-secretary of the Department of Commerce and Industry which has this question in charge.

Laws and statutes governing the development of coal and oil deposits date back to the days of the viceroys in Mexico, the statement says, and since that time there has been a series of decrees and laws that firmly established the rights of the republic in this regard.

The question is now in the hands of the Mexican Congress for revision with a view to adjudicating claims made by foreign companies with vast interests in Mexico.

As early as 1793 the Spanish government by laws known as "Mining Statutes of New Spain," established the absolute dominion of the crown over mines and their products in Mexico, says the statement.

Benito Juarez, president of Mexico, decreed in 1863 that the nation has direct dominion over coal beds.

In 1881 the Supreme Court of Justice decided that the coal mines were subject to be denounced and that the "Mining Statutes of New Spain" were still in force. Two years later the Congress of the Union amended the federal constitution, establishing the right of that Congress to issue mining and commercial codes which should be binding throughout the republic.

POPULACE WANTS HERO HONORED

(By Associated Press.)

Paris, August 21.—(By Mail)—When ever the figure of General de Castelnau, victor of the Grand Couronne of Nancy which made possible the first battle of the Marne is thrown on the screen, in a moving picture theatre here, which is displaying picture of the Victory Procession in Paris, July 14, the spectators rise, cheer and shout "Marshal."

It is an expression of their demand that de Castelnau should be a Marshal of France. When the Marshals were being created, de Castelnau was overlooked. Some say that the papers to make him a Marshal were drawn up for the signature but were rejected in the highest quarter.

Ag. Extension Director Resigns From O. S. U.

Clark S. Wheeler, director of the Agricultural College Extension Service of the Ohio State University, has tendered his resignation to become effective November 1. At that time he will become assistant to the sales manager of the Domestic Engineering Company, of Dayton, Ohio.

Mr. Wheeler entered the employ of the University on part time even before his graduation in 1912 and, immediately after receiving his degree from the College of Agriculture, became extension specialist in farm crops. Following the resignation of A. B. Graham as director of extension in 1914, he was appointed supervisor of extension schools and a few months later appointed extension director.

Mr. Wheeler has not only witnessed the growth of extension work for the passage of the Smith-Lever Act in 1914, but as director has had the task of establishing and working out for Ohio much of the organization for this work as it exists today.

The extension work of the College of Agriculture includes the supervision of county agricultural agent work boys' and girls' club work, farmers' institutes, and extension schools, as well as the work of a corps of specialists who give demonstrations in co-operation with county farm bureaus. Bulletins and a news information service are issued.

Faith In The Tile Rewarded

A few years ago F. L. Allen, then in debt for his 125-acre farm in Geauga County to the extent of \$1500, borrowed \$1200 and purchased a ditching machine. He had come to the conclusion that the farm would never pay for itself until it was drained. His neighbors were skeptical, but the local banker had confidence in the man who was willing to put his faith in tile to such a test. After planning his drainage system in detail, Mr. Allen began laying the tile as time permitted and funds were available. He found he could put in from 125 to 150 rods of tile per day to an average depth of 30 inches. In a relatively short time the whole farm was systematically drained with a network of 25 miles of tile. A neighbor began to absorb some of Mr. Allen's enthusiasm, and the ditching machine went visiting. After draining these two farms thoroughly, another neighbor became convinced and the machine was sold for \$300. The debt on the farm has long since disappeared and Mr. Allen has become a confirmed enthusiast in tiling. What seemed like a serious risk proved to be a most excellent investment.—O. S. U. RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Daughters of Rebekah celebrated the sixty-eighth anniversary of their organization in royal fashion at the I. O. O. F. Temple Friday night. Nearly a hundred were assembled and the affair was markedly a pleasurable success.

At seven o'clock a bounteous picnic supper a genuine feast of tempting eatables, was served. The supper was served on three long tables, beautifully decorated with autumn flowers.

A merry hour at the tables was followed by toasts and a short program, greatly enjoyed by the guests.

Mr. Jefferson Hyer ably filled the role of toastmaster and splendid talks were made by Major Reil G. Allen and Mr. O. K. Probasco.

Mrs. Corrine Larrimer contributed a very pretty vocal solo and Miss Juanita DeWees a brilliant piano mimbeg.

Mrs. John Merriweather was chairman of the Executive Committee in competent management.

In compliment to her mother, Mrs. Lucy Pruden, Mrs. G. W. Blakeley extended the hospitality of her handsome home at a very beautiful one o'clock luncheon Friday.

Seated with the hostess and honor guest were Mesdames, S. W. Cissna, Eli Craig, Mary Cleveland, Aurelia Westerfield, Jos. N. Willson, Mary Patton, Margaret Davenport, Mary J. Rodgers, Jane Davis.

An immense cluster of Killarney roses formed the central adornment of the pretty table and the same lovely pink roses were placed through the rooms in effective harmony with the old ivory wood work and furnishings. An unusually elaborate luncheon menu of five courses was served, the catering competently done by Emma Marchant.

Victrola music added to the pleasure of the after luncheon hour.

Mrs. Josephine Kerr brought the Clonians together Friday evening for a six o'clock dinner of delicious viands and a few hours of congenial visiting in compliment to Mrs. Samuel Hoskins, who is breaking up her home on Circle Avenue preparatory to going to her new home in Columbus. Withal that Mrs. Hoskins' future home will be in the Capital city the Clonians have no idea of losing her and refuse absolutely to give up so valued a member.

The table, laid with eight covers, and centerpiece a basket of pink and white cos mos, from which trailers of green extended over the damask, was exceedingly pretty.

The dinner guests with Mrs. Hoskins were Mrs. Robert C. Howat and daughter, Miss Jean, Mrs. Frank M. Fullerton, Mrs. Wm. Boynton Gage, Miss Elizabeth Johnson and Mrs. J. F. Dennis the only guest not a club member.

The local W. C. T. U. held the regular monthly meeting Friday at 2:30 p. m. in the Y. M. C. A. parlors. The president, Mrs. J. A. VanGundy, led the devotionals and Miss Edith Gardner assisted with the music.

The business session was very interesting this being the last meeting before the county convention, which is to be held

Thursday, September 25th, in the M. E. church.

Mrs. Carrie Willis spoke briefly in regard to the convention, urging that all the members of the union be present. The afternoon session will be of special interest. From 2 to 3 p. m. will be the suffrage hour, 3 to 4 p. m. Mrs. Taggart will speak on reminiscences of the crusade; all the crusaders and their friends are especially invited.

Very interesting letters of appreciation from War Orphans in France were read by the secretary, Mrs. Christopher, the letters were received written in French and the Union is indebted to Mrs. Hugh Kennedy for their translation. They read as follows.

April 5, 1919.

Dear Benefactor:

We have just received the money orders of your generosity. My little sister and I send you all our greatest thanks.

We shall always have kind remembrances of you.

Almee Savaud and Seontive Savaud.

June 14, 1919.

My Dear Benefactor:

We are a little slow in acknowledging to you the reception of your money order and thanking you at the same time. My sister and I shall have a kind remembrance of our dear Benefactor.

Thanking you again. Receive our best regards.

Leontine Savaud, Almee Savaud.

Officers for the coming year were elected as follows:

President, Mrs. J. C. VanGundy; Secretary, Mrs. Frank Christopher; Assistant Secretary, Mrs. Wm. McClain; Treasurer, Mrs. Lydia Reno.

The Union voted to send their president to Columbus, to the state convention, which is to be held the 14th, 15th and 16th of October.

Nell, the attractive young daughter of Mr. and Mrs. F. M. Mark, celebrated her thirteenth birthday with a six o'clock dinner, Friday evening.

Covers were laid for ten, and the table was prettily decorated with Asters. Three courses were served and the dinner hour was one of much merriment.

The guests included Mildred Fisher, Roma Brownell, Evelyn Soddors, Virginia Ellices, Mildred Todhunter, Wilma Dale, Donna Bowen, Dorothy Jones and Mary Jane McCoy.

Mrs. Mark assisted her daughter in entertaining.

Tom Gardner Murray entertained four of his playmates, Charles and Roy Brown, Billie Brown and Russell Brown, Friday evening in honor of his seventh birthday.

Mrs. Murray took the boys to the Wonderland theatre to see Jack Pickford and entertained them afterwards for refreshments at the Murray home.

Miss Ho Wood, daughter of Mrs. Joseph Wood, of New Holland and Mr. Oscar Plack, son of Mr. and Mrs. John Plack, of New Holland were quietly united in marriage, Saturday at Circleville, Rev. G. F. Tift, pastor of the First M. E. Church of that city officiating.

The bride for several years has been associated with the New Holland Leader and the groom has been engaged in contract work. Both are well known in New Holland and vicinity where their hosts of friends unite in extending hearty congratulations.

Rev. Myers, of Jeffersonville, united in marriage at the parsonage Friday evening at six o'clock two young people having many friends in both county and county seat. The bride was Miss Nora Wilson, daughter of Mr. and Mrs. John Wilson, of Bloomingburg and Mr. Bernard Edwards, son of Mr. W. A. Edwards, of Paint township.

The bridegroom a prominent and energetic young farmer, is a nephew of Misses Ella and Nan Montgomery of this city.

The bride is a talented musician, as well as a charming and accomplished girl.

The young couple will make their home with the bridegroom's father, whose attractive country home is conveniently located on the Prairie pike. Good wishes in over flowing measure go out to Mr. and Mrs. Edwards.

At the W. C. T. U. County Convention, held at the Friends Church, Wednesday, Mrs. Orlando Hadley, in a few well-chosen words, presented a beautiful silver bonbon dish to Mrs. J. L. Cadwallader, who has served for five years as County Secretary of the W. C. T. U. and four years as County Superintendent of Scientific Temperance Instruction. — Wilmington News.

Mr. and Mrs. Charles Porter have received word from their son Harvey Porter, of the Motor Transport Corps, that he has arrived safely from overseas.

Mrs. Morris Baker and little daughter returned Friday evening from spending a few days in Delaware, and taking home her brother Mr. John McCarty from a visit. Mrs. W. W. Davies, who has been visiting Prof. Davies for several days, returned with Mrs. Baker.

Miss Minnie L. Boring and guest Miss Sarah Hastings, of Pittsburg spent Friday in Columbus.

Mr. Leo R. Fox of Mansfield is the guest of friends in this city for the week end.

Mr. Thomas H. Craig, Jr., is spending the week end in Delaware at the Beta House.

Mrs. Anna Burns, nephew, John Shanks and Miss Grace Ready returned Friday from a two weeks visit at Byington. Mrs. Burns' nieces, Misses Icy and Verna Shanks and cousin B. Helterbrand, returned with them.

Mr. and Mrs. Frank M. Fullerton and Mrs. Wm. B. Gage made a motor-trip to Columbus Saturday.

Mrs. Larella Sever and Miss Doris Sever went to Columbus Saturday to visit Mr. Loren Sever and family for a few days.

Mr. Clemmer Paul came down from Akron, Saturday morning to spend a few days with his mother, Mrs. John A. Paul and family.

Mr. Roy O. Young and little daughter Jane, arrived Friday evening from Asheville, S. Ca. to visit Mrs. Carrie B. Willis and family.

Miss Lora Ellen Tharp is down from Columbus spending the week end with her parents, Mr. and Mrs. W. A. Tharp.

Mr. and Mrs. Walter Larrimer are visiting Mr. Larrimer's grand mother, Mrs. Sarah Larrimer on Washington Avenue. Mr. Larrimer has just been discharged from Camp Knox, Ky. and with his wife will spend a week here, before going on to Beloit, Wis. to make their home.

Mr. and Mrs. D. W. Martin and daughter Frances, who have been visiting Mr. and Mrs. H. E. Daugherty, left the middle of this week for Montgomery, Ala., where Mr. Martin is established in the piano business and they will make their future home.

Mrs. George Crumrine and daughter, of Jeffersonville, were shopping visitors here today.

Miss Ruth Lamb who holds a position as operator with the Santa Fe Railroad of Lorenzo, Ill., arrived Friday to spend her vacation with her parents, Mr. and Mrs. G. N. Lamb.

Mr. Chauncey Pyley came down from Columbus, Saturday evening, to spend Sunday with his father Mr. W. R. Pyley and sister Miss Mary.

Mrs. L. Heath Vining arrived Saturday morning from St. Louis, Mo., to visit her parents, Dr. and Mrs. Nell B. Jones for three weeks. Mr. Vining will join her later.

Miss Minnie Gray Commercial High School teacher, is visiting at her home in Sunbury over Sunday.

Mr. Bert Monroe has given up his position at the White Tile Meat Market and taken a similar position in the City Meat Market.

Mrs. L. C. Stolzberg has received a telegram from her son Perry stating that he has arrived safely at Camp Merritt from over seas. He served with Unit 310, Mechanics, at Coblenz, Germany.

Dr. and Mrs. Guy Saxton and baby son John Ballard motored down from Toledo Friday to visit Mrs. L. P. Saxton.

Mr. and Mrs. George Davis motored to Middletown, Saturday. They will bring back with them their son Mr. Clyde Davis, wife and baby.

NEW DANCE FROCK FOR COLLEGE DAYS

This simple frock will be found very useful for the formal dinners and dances which fill the social hours of a college girl. Shell pink moire veiled in many folds of tulle to match is the combination. A girlish snash of moire ribbon is the only trimming.

Mrs. C. C. Moxley and daughter, Gladys, were shopping visitors from Greenfield here Saturday.

Mr. Walter Patton of Bucyrus was a business visitor here, Saturday.

PLANE IS BUSY CARRYING LOCAL PEOPLE SKYWARD

Lieut. Don Campbell was kept busy again Saturday carrying passengers for a bird's-eye view of city and surrounding community and to give them the thrills of "stunts" high above the city.

Friday the weather was so bad that only one trip was made, and Mrs. Forrest Tipton was the passenger.

Saturday, however, the weather was exceptionally good, outside of a stiff breeze, and passenger after passenger made the trip at \$15 for a 15 minute ride.

In virtually every instance the passenger was delighted with the trip and eager to go again.

Those making the trip Saturday included: Jack DeWitt, Delbert Gambel, Andrey Relebert, M. S. Baker, Frank Hamilton, J. Rankin Paul, W. H. Perrill, Carl Merriweather, Jean Worthington, Newton Browning, P. C. Harlow, Robert N. Free and Roy Pfeiffer.

Many of the passengers called for the stunts, and went through the loop the loop, tail spin, nose dive, banking and other thrilling performances.

POULTRY FARM ON CITY LOT

(By Associated Press.) London, August 21.—(By Mail) — One hundred feet above one of London's busiest streets, and within 200 yards of Big Ben on the roof of the Institute of Civil Engineers, there is one of the best kept and most prosperous poultry farm in the city.

It comprises 36 hens, housed in three spacious coops, but during the greater part of the day the hens are allowed to roam about the roof at will. Although the cooping is not more than eighteen inches high the hens never attempt to reach the ground, contenting themselves with mounting the top and there announcing their satisfaction after an egg has been added to the record they have been making.

M'GINNIS BACK AT UNIVERSITY

Oxford, O., September 20.—Miami football fans are jubilant over the return of Ralph McGinnis to the University. McGinnis was the star half-back on the championship 1916 team. He enlisted at the beginning of the war, won the Croix de Guerre and was wounded in action in the Champagne.

KNIGHTS OF PYTHIAS CONDUCT SERVICE

A number of Knights of Pythias and friends gathered in the lodge room of the K. of P. Castle at two o'clock Friday afternoon for the funeral services of Brother George Smith who died at the K. of P. Home in Springfield and was brought back to his old home for burial.

Rev. Wm. B. Gage conducted the impressive services, the opening devotional followed with a vocal duet, "Rock of Ages," beautifully sung by Misses Larrimer and Cockerill.

Rev. Gage made an appropriate talk speaking especially of the patience with Mr. Smith had shown in his blindness of the last three years.

Miss Gardner sang with much tenderness "Beautiful Isle of Somewhere," Miss Lizzie Ellen Green, the accompanist.

The Lodge then conducted the regular ritualistic services, in charge of Brother Newton Stuckey, Chancellor Commander; Vice Chancellor, Brother Will Baker and Acting Prelate, Brother W. O. Dehart. In these services Misses Larrimer and Cockerill sang "Asleep in Jesus."

The Lodge conducted the burial services at the grave.

The pall-bearers were Major Reil G. Allen, Os. McLellan, John Schumm, Frank M. Kennedy, Edwin Weaver, Newton Stuckey.

CHOLERA EXPERT TO AID FARMERS

Dr. R. D. Green a veterinary expert working with the United States Department of Agriculture, is now located in Wilmington to aid farmers of this district in controlling the hog cholera menace. He gives special attention to particular farms where this disease has appeared and advises as to the best methods to be used in stamping it out. He will visit farmers who seek his advice and his assistance is given without charge, as his work is part of the Government's campaign to stamp out the hog cholera, which has caused great loss to the farmers of the country, and thereby increase the pork production.

Dr. Green will make Wilmington his headquarters, according to plans now on foot, although his field of work not only covers Clinton County but Fayette, Butler and Warren Counties.

BAND WILL MEET RETURNING HERO

Arrangements have been made for the Washington Band to meet Sergeant "Red Dacey" when he returns to this city within the next few days after more than two years of service in which he won recognition for many acts of unusual bravery.

At the present time his friends are endeavoring to ascertain when he will arrive so that they can meet him and give him arousing reception as Fayette County's most decorated soldier. They invite everyone possible to join in the reception, providing the time of his arrival is learned.

For the past few days Sergeant Dacey has been located at Quantico, Virginia.

WILL TAKE X-RAY OF INJURED LIMB

Although Charles McCoy, the 8 year old son of Mr. and Mrs. F. M. McCoy, of Bloomingburg, is recovering very nicely from injuries sustained Thursday when he was struck by an automobile while on his way from school at the noon hour, it is feared that the left leg had been fractured and an X-ray examination of the limb is to be made.

The child also suffered a large gash in his head and was badly bruised.

FOOT IS CRUSHED

When a heavy iron bar fell on his right foot Friday afternoon, Robert Jackson, colored, was painfully injured. Jackson was at work on the new plant of the Sunlight Creameries. He was removed to a doctors office where it was found that the foot had been crushed.

BAN GOES ON IRISH FAIRS. Dublin, September 20.—Fairs, markets and processions have been forbidden in counties Tipperary and Galway.

DAYTON—M. A. Ruggles, attorney, was found guilty in the common pleas court on five charges of unprofessional conduct and was barred from again practicing law in Ohio.

MITE SOCIETY.

The Wesley Chapel Mite Society will meet at the home of Mrs. Chas. Gage on W. Court Street, Wednesday afternoon, September 24th, at 2:30. Assisting hostesses Mrs. Norris, Mrs. Sam DeWeese, English, Mrs. Wilbur, Orr, Mrs. Grieves.

For Convenience

In order to maintain our drivers' schedules it is impossible for them to reach some sections of the city at a convenient time for the patrons. However, to meet this condition, we devised another method.

In localities not reached by our wagons, patrons will find our milk on sale at the nearest grocery store. This plan is proving very satisfactory and meets with popular favor, for the patron may obtain milk at any time in the day, and if she finds an extra supply necessary at any time, she will be accommodated at her grocery.

Of course, where our drivers cover the territory thoroughly and at convenient hours, the above plan is not used, but it makes it possible for us to serve the whole city in a most satisfactory manner.

1920 AUTO TAGS WELL UNDER WAY

More than 100,000 of the automobile license tags for 1920 have been completed at the workshops in the Ohio Penitentiary, and it is expected that December 1st the entire order of more than 1,100,000 tags will be completed.

As a result of the advance manufacture of tags, it is thought that all tags can be obtained promptly from the office of the secretary of state, as there will be no reasonable excuse for delay, and none for the fellow who fails to get his tag on time.

Clothing And Financial Assistance Needed by Sufferers

(By Associated Press.)

Corpus Christi, Texas, September 20.—With the known dead near the 400 mark and steadily increasing, residents of Corpus Christi and other nearby Texas towns today resumed their search for bodies of additional persons who lost their lives through last Sunday's storm.

The number of known dead today was 389, but many persons were of the opinion that it would be double that number when all of the wreckage and shore line had been thoroughly searched.

In Corpus Christi, conditions were becoming more nearly normal today. Although electric lights and street car service may not be restored for some time, the announcement that gas would be turned on in some of the less damaged parts of the city today was hailed with delight.

According to the relief committee, clothing and financial assistance constitute the immediate needs of the refugees, and the people of the nation were again called upon to render aid. The food situation is said to be satisfactory.

OFFICIALS POST NOTICES

Warren, Ohio, September 20.—Amalgamated Association of Iron, Steel and Tin Workers officials Friday posted notices in the mills of the Trumbull Steel Company, an independent producer, ordering the workers to report for duty Monday in accordance with an agreement between the company and employees.

VESSELS TO BE TIED UP.
Cleveland, Ohio, September 20.—Complete tie-up of all ore-carrying vessels in the Cleveland district, which includes six other lake ports between Erie and Sandusky, will go into effect at 6 o'clock Monday morning unless the proposed walkout of steel workers is deferred, was the ultimatum issued Friday by George Martin, union Business Agent of the Lake Seaman's Union in the form of a vote of 2,200 sailors to support the impending strike of steel workers.

Lloyd George's enemies should be careful not to win too many by-elections. They may provoke him into calling another general election.

HUNT GIRL'S ASSAILANT.

Dayton, September 20.—Aroused over a vicious attack made Friday upon Miss Muriel Babylon, aged 19, of Covington, teacher of rural school in Washington Township, 30 automobile loads of farmers and residents of that place Friday night scoured the country in the hope of capturing the assailant.

Miss Babylon was going home at the close of her school when feigned by a blow from a rifle in the hands of the man. She fought off her assailant, who fled with her purse and watch.

(By Associated Press.)

Copenhagen, September 20.—The City Soviet of Petrograd has empowered the people's commissaries to begin peace negotiations with the Allies, on the basis of considerations fixed by the Allied Powers, according to reports received here from Petrograd. Peace is wished at any price by the Petrograd Soviet, the reports declare.

MOSCOW IGNORANT.

No peace offer to the Allies has been reported from the Central Soviet Government at Moscow, and an offer from the Petrograd City Soviet would therefore appear to be in the nature of a separate proposal by the Petrograd district.

Living conditions in Petrograd have been reported extremely bad, and recent dispatches reported that 200 to 300 persons were dying daily of disease.

READS FROM
ROOSEVELT

And Quotes Senator. Lodge In Pressing His Argument.

(By Associated Press.)

San Diego, Cal., September 19.—An extract from a magazine article written in 1914 by Theodore Roosevelt was read by President Wilson in an address here today, as an argument in favor of the League of Nations.

Speaking to a cheering crowd which filled the great San Diego stadium, the President also quoted from Senator Lodge, one of the most bitter opponents of the treaty in its present form, and declared that in framing the league covenant, the Versailles Conference had followed the advice of these other Republican statesmen.

The address was arrested many times by applause from the crowd, which was estimated at more than 50,000.

Speaking from a glass enclosed platform, the President's words were carried out to the distant rims of the stadium by means of an electrical device.

Declaring the people had not been told the truth about what the treaty contained, Mr. Wilson added that if the American public did know the truth, no man would have the audacity to take the risk of trying to impair such an effort toward liberty and justice.

LIQUOR MEN
MAKE CHANGES

(By Associated Press.)

London, August 21.(By Mail)—Better public houses, an improved tone for saloons, is the newly announced policy of the British liquor trade.

Rear Admiral Sir Reginald Hall, a member of Parliament, who was recently elected to the directorates of one of the leading brewing companies of the kingdom, said that representatives of all sections of the trade had drawn up a bill embodying such principles as promotion of sobriety, restriction of drunkenness, reduction of the number of licenses where they are excessive and enlargement of premises so as to provide greater opportunities for social amenities.

"Recreation, including reading rooms, facilities for writing, music and games, should be provided," Admiral Hall said. The entry into the trade of those who would set up and maintain a high social standard should be encouraged to the exclusion of those who might bring discredit on the industry.

Y. M. C. A. CORNER

To the People of Washington C. H., and Fayette County.

After very careful council the management of the Y. M. C. A. is now glad to be able to announce the skeleton of a program for the coming year. As stated in past letters to the people it is our general policy, not to "rush into print" before we are practically certain of our ground. At the same time we know the public wants to know at the earliest possible moment all of the items of interest relating to their institution. The full announcement cannot be made in any one article. We will have to give it to you by degrees. This is a Young Man's Christian Association and the religious program is the vital nerve of the whole work, this we recognize and our slogan is "on the Religious Program, go the limit." This program will consist in the main of Sunday afternoon meetings for men, beginning the first Sunday in October. These meetings will be varied in their nature. We purpose to bring to Washington C. H. frequently the strongest speakers for men's meetings that we can secure. Music will be a great feature at these meetings.

Mr. Maynard Craig has assumed the leadership of a Male Quartette and later on a Male Chorus. A new piano has been purchased and is already installed. The Religious Work Committee is in process of selection. Bible Classes for men will be another feature, the details to be announced

later. The Boys' Sunday meeting at 2:30 p. m. have already been started and have been well attended. Already considerable enthusiasm has been aroused among the boys over these meetings. In this connection we are pleased to announce that a Moving Picture Machine is to be installed. This machine will be one of the latest models and will throw pictures, just as finely as in the best picture house. One of the main purposes of this purchase is to be able to throw religious pictures on the screen for the boys and bring to them the story of Christ and his works through the eye as well as through the ear and example.

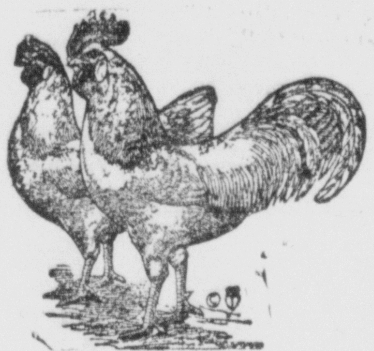

These three general lines, Meetings on Sunday for Men and Boys at separate hours and Bible Classes will form the foundation for the Religious program.

The men of the churches are earnestly requested to co-operate to a man in this work. The life of the Y. M. C. A. is in the churches. The management of the Y. M. C. A. is determined that the churches in turn will get out of the Y. M. C. A., all the benefit possible. Large results can be secured by each church, if the men of the churches will co-operate heartily. Of course there is no spirit of rivalry between the churches of Washington C. H., for each church glories in victories for good no matter where they are won, but it can be truly stated that the church that puts the most effort into the activities of the Y. M. C. A. will get the greatest returns from that effort. This does not mean that the Y. M. C. A. expects any man to neglect the work of his church. The work of each individual church must be maintained. A conference of the ministers of the churches of this city has been arranged for to counsel with the general secretary to determine the lines of effort that can best be carried out in the "Y" so as not to conflict with anything actually being done in the churches. The General Secretary moreover wants it to be known that he stands ready to serve in any church in any capacity that his powers and his gifts makes possible and furthermore wants it to be thoroughly understood that the Y. M. C. A. are at the disposal of the churches for any purpose they can use them for in the furthering the good of the community. In conclusion allow me to plead that we do not think of the churches and the Y. M. C. A. as separate and distinctive institutions, but as one and the same.

The various denominations doing their specific church work in their own houses of worship and then working together in their common plan to accomplish specific purposes that can better be accomplished in this way. It is the sincere spirit of the management of the local "Y" that the utmost of harmony and co-operation exist between all the churches between themselves and through the Y. M. C. A., as an arm of all the churches.

FORREST L. FRASER,
General Secretary.

POULTRY PAYS

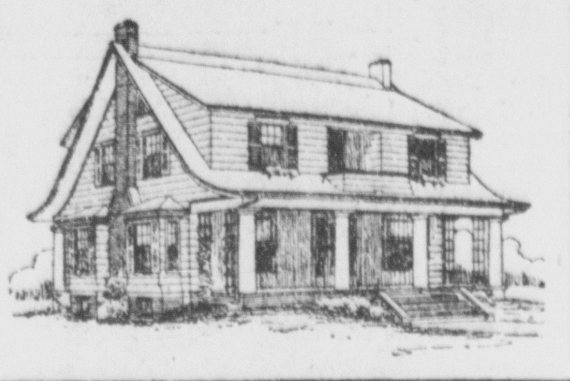

Consider the case of Petaluma, a city of 6,000 is the richest city per capita, in the world.

It has five busy banks with total resources of \$10,185,739.24. Poultry alone made Petaluma.

4,000,000 Petaluma hens lay 450,000,000 eggs a year.

Poultry Pays and can be as successfully raised in Fayette County as in Petaluma.

Get into the poultry game. Plan a big crop and see it through.

How About Your Wife?

In this matter of home building and home improvements have you not, Mr. Man, been just a trifle selfish and arbitrary? To be real honest now have you, when you come to think it over, taken your wife's interests truly to heart? Has it ever occurred to you that nine-tenths of the average woman's time is spent within the limitation of four walls? That even the most insignificant added touch thereto means to her daily enjoyment beyond the scope of your comprehension?

In what way did you say? The answer is in ways too numerous to mention. Her kitchen may be so arranged as to be inconvenient. It may need more light, a cupboard, a new floor. And you know the hard wood floor is the joy of every woman's existence as such induces to neatness and easy care. Storm doors, double windows in anticipation of winter, a front porch wide and roomy or a back porch for convenience only all have their particular appeal—a distinct contribution to daily content and happiness.

Barns, hog houses, garages, etc., are all measures of simple utility and necessary of course to the general scheme of economy and production. But after all these are sordid things affording no especial pleasure, adding not at all to the curriculum which makes up the environment of the happy and contented wife.

It's worth thinking about. It is possibly the one touch needed to complete the picture of a perfect home life. If the suggestion appeals to you, get in touch with us. We'll put you next to possibilities which will surprise you and the cost as compared to the downright pleasure to be derived, is as nothing.

YOUNG FIREMAN GETS DISCHARGE

Second Class Fireman Charles J. Meyer received his honorable discharge from the United States Navy Friday and arrived in this city Saturday morning. He states that he received his discharge in Philadelphia, the great demobilization center for the navy.

During his seventeen months service in the navy, young Meyer served on transports, battleships and cruisers and made several trips on the George Washington.

He was one of the youngest in the navy from this city and is among the last to receive his discharge.

RECOGNIZES FACES OF OLD COMRADES

When Rudolph Wolf, who served with the United States Marine Corps and who lost a leg in the Chateau Thierry offensive, received this week's issue of the American Legion, a publication for ex-service men, he noticed an illustration that seemed familiar to him. The picture, a reproduction of a photograph, was labeled Hill 204, Belleau Wood, and the quotation: "Somebody Got by With a Camera."

Upon closer examination he was able to name all the "leather necks" in the picture and recognized them as a detachment of the Third Platoon of his company.

The scene is on the side of the hill where the Marines are resting after apparently having reached their objective.

OLD GLORY IN BELFAST HARBOR

(By Associated Press.)

Belfast, Ireland, August 30.—(By Mail)—Old Glory was floated from the masthead of a merchantman in Belfast harbor, the other day, the first time in a great many years. She is the Lake side, bringing a cargo of many things which Belfast wants and is the first of a line of American ships which will ply fortnightly between New York and Belfast. Her appearance here is taken as proof that Americans are not going to neglect the Irish trade.

BRITISH NOTICE YANKEE GAINS

Cologne, August 25.—(Associated Press by Mail)—British business men have taken notice of the strides made by Americans in acquiring trade in Germany. At a meeting in Cologne recently of directors of the British Chamber of Commerce for Germany, C. Knott, of London, said:

"America has more than 1,700 Chambers of Commerce in all parts of the world, and these associated chambers some time ago sent a delegation to Europe which visited Cologne and Berlin and departed with German orders in fabulous amounts. The goods are to be delivered at once on three years' credit. In this way the United States is securing the lion's share of Germany's import trade. Such is the result of the co-operation of their Chambers of Commerce. I see no reason why British Chambers of Commerce cannot employ such methods."

SEEK SUBSTITUTE FOR GASOLINE

Paris, August 29.—(Associated Press, by Mail)—The government has authorized experiments with a benzol and alcohol mixture as a substitute for gasoline in automobile engines, in view of the high price of the latter—a dollar a gallon. While benzol used alone undoubtedly gives more power than gasoline, it has an objectionable odor, and chauffeurs who have tried it assert that it corrodes carburetors and cylinders. Both these disadvantages, it is claimed, may be to some extent removed by mixing the benzol with alcohol or ether or both.

GET SCRIMMAGE FOR FIRST TIME

Coach Moorehead of the High School gridders put his men through their first scrimmage Thursday evening at the East End grounds and the preliminary showing of the candidates was thoroughly satisfactory. It is said. Two full teams, with some additional material were on hand for the first whistle. The men have been in training for the past two weeks and are in the best of physical fitness.

Fred Swartz, a former halfback and recently discharged from service with the Marines in France is showing up well in the half position. Walter Weaver is making a great bid for full back. It will be remembered that Weaver was a former member of the team before entering the army. "Red" Bern, a sophomore, is showing better at the other half than he showed on the line last season.

The line is declared to be as strong as the proverbial stone wall with Dean, Rodgers, Hays, Rief and many others from which a selection can be made.

OHIO WESLEYAN SQUAD TRAINS

Delaware, Ohio, Sept. 20.—Fifty husky athletes turned out for the regular practice session at Edwards field Thursday night.

Coach Ewing is expecting to have a real sized squad in action before the end of the week and things should start with a bang by Monday. Ewing has started his men with light work out this week.

There have been numerous changes made upon the field. The playing field has been changed from its former position so that the grid iron now runs length wise of the field. The bleachers have been moved and enlarged to accommodate the crowds along the side of the field.

The first game of the season for Wesleyan will be played with Otterbein College September 27.

ARMY FOODSTUFF VERY CONSPICUOUS BY ITS ABSENCE

Because of charges made in Chicago that the army stores, consisting of food which was to have been sold to the consumer through the post offices, had fallen into the hands of the big packers and wholesalers, considerable interest centers around the goods ordered through the local office.

Upon inquiry announcement was made by Postmaster Murray that the local office had received none of the goods ordered by local people and that he had no way of telling just when they would arrive. Orders amounting to more than \$400 have been sent through this office.

The only intimation received by local citizens that their orders had been received were receipts for the money.

It is stated that the first orders for the goods were forwarded more than five weeks ago. It is expected that the reason for the delay will be revealed within the next few days. Meanwhile the results of investigations will be awaited with interest.

TIGER AT REST AFTER YEARS OF ARDUOUS LABOR

(By Associated Press)

La Tranche, Vendea, France, August 26.—(By Mail)—Premier Clemenceau arrived here the other day in search of peace and quietness. The Premier looked as if he needed rest and there was nothing suggestive of the "Tiger" as he decended from the dusty automobile which had borne him from Paris to the sea. He appeared old and wan and tired and heaved a sigh of relief as he sat on an old wooden bench in the shady garden of the villa Philippon, wiped the perspiration from his brow, and enjoyed the ocean breeze.

The Premier does not like public function and probably the only one of the past few months, excepting those of the reliefment of Alsace-Lorraine, at which he did not appear bored was the Victory Day Parade. He has lost none of his good humor, however, and when asked how he had enjoyed the trip from the capital, replied:

"Somewhat tiresome but the country is so beautiful. Yesterday we visited several chateaux on the Loire. I should have enjoyed greatly having a little sleep at Nantes but the crowd after midnight commenced to acclaim and cheer me under my very windows at the Central Hotel. What a funny idea."

Accompanied by a couple of old, weather-beaten fishermen, the Premier of France went for a stroll along the beach, speaking with them in the dialect of the province.
